BASIC:

El conocimiento del idioma Inglés es muy básico. Si bien es cierto que entiende algunas palabras y estructuras muy básicas, su nivel comunicativo y el manejo de tiempos y estructuras gramaticales no le permiten comunicarse con fluidez. Asimismo la carencia de vocabulario le impide comprender oraciones y mensajes cortos y sencillos con exactitud.

Very basic knowledge of the language. Although there is some basic understanding of words and structures, the communicative level and use of grammatical structures do not allow fluent communication. Likewise, limited vocabulary prevents accurate understanding of short and simple sentences.
