INTERMEDIATE:

Maneja el idioma Inglés en un nivel suficiente para entablar una conversación en la cual los temas vayan desde sencillos intercambios de ideas hasta temas de actualidad pero sin llegar a dominar estructuras demasiado complejas ni cambios espontáneos de tiempos narrativos o conversaciones muy específicas en las cuales el lenguaje utilizado sea muy especializado. Sin embargo el nivel comunicativo es alto y tiene capacidad de analisis de contexto.

Knowledge of the language is enough to carry on a conversation in which the topics range from basic interchange of ideas to current issues but without handling too complex structures or sudden changes in narrative tenses or too specific conversations in which the required vocabulary is too specialized. However, the communicative level is high and there is context analysis ability.
